Press Release

Budapest, 24.06.2013,

CEEweb for Biodiversity

Shoot a short film, win and protect nature!

[CEEweb for Biodiversity](#), [Diverziti Association](#) and [ELTE-EKSZ](#) in cooperation with the [Budapest Water Summit](#) invite all nature friendly filmmakers to attend the third Green-Go International Short Film Contest and Festival!

in cooperation with

If you want to follow the path of David Attenborough or if you care about that almost 1 billion people do not have clean drinking water, and if you want to change the world and be on the big screen with your creative thoughts, then SHOOT A WINNING SHORT FILM!

The organisers of Green-Go Short Film Contest are waiting for your creative/shocking/funny/explicit eye-opener short films to be a part of the message to show people:

- how we should preserve our water reserves that are key for our lives!
- how we should produce less waste or how should we handle the global waste production to halt the expansion of rubbish covered landfills and water bodies around the globe, and
- how we should respect and protect the diverse wildlife and how to stop the accelerating extinction of species due to human greed.

The best films will win 350 euros in each category, and the winner of the public voting will win 200 euros! Besides, **4 sets of Cyberlink PowerDirector 11 Ultra** video editing software will be drawn amongst the contestants whose submissions are valid! The best shorts will be screened both during the Budapest Water Summit a high level international conference in October and at the Green-Go Short Film Festival.

Check the call in 12 different languages, find more information and fill the application form at the contest's website.

For daily updates and news do not forget to join our Facebook community!

Choose your weapon and SHOOT! It is your time now to spread the word around the world!

The Green-Go Short Film Contest and Festival is supported by the European Commission.
