This project is part of the [European Climate Initiative \(EUKI\)](#). EUKI is a project financing instrument by the German Federal Ministry for Economic Affairs and Climate Action (BMWK). The EUKI competition for project ideas is implemented by the Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH. It is the overarching goal of the EUKI to foster climate cooperation within the European Union (EU) in order to mitigate greenhouse gas emissions.

“We build an effective European network of national governments and stakeholders to enable restoration (and conservation) of all peatlands in Europe to provide rich biodiversity, clean water, sustainable livelihoods, net zero CO₂ and climate change adaptation.”

— Our vision

Mission

- Connect governments and stakeholders to raise awareness on the essential role of peatlands to achieve global and pan-European climate and sustainability objectives.
- Help national governments and EC to base strategies and policies on up-to-date peatlands data and management best-practices.
- Achieve commitment of stakeholders towards sustainable land use practices.
- Improve the pan-European cooperation between scientists, conservationists, private landowners and farmers networks.
