TENDER

CEEweb for Biodiversity (1021 Budapest, Széher út 40., Hungary, registration no. 1634) makes this Tender for a study to be completed by 31st October 2019. Organisations and individual are both eligible to apply.

Subject of the tender: Study on possibilities for better financing Natura 2000.

Summary of tasks to be performed: professional research and desk study on ways to better finance the implementation (designation and management) of Natura 2000 in Europe. The study should list and synthesise the major fields where improved financing could better support Natura 2000 implementation. The paper shall critically but briefly examine the flaws of the current financing system and give recommendations for improvement.

Tasks to be performed:

Preparation of a study including the following key tasks:

- Research of current financing of Natura 2000 implementation in Europe
- Research of weaknesses in current Natura 2000 financing
- Literature review of Natura 2000 funding and challenges
- Literature review of past and current EU processes and discussions targeting better financing of Natura 2000
- Research of potential solutions to overcome Natura 2000 funding challenges
- Providing a study with recommendations.

Timeframe:

The work should start in June 2019 and should be completed by 31st October 2019.
